Welcome to *Intersect*, our first dance performance for 2023.

The works in this season are adapted from some of the most inspiring choreography of artists past and present. Their choreographic style provides the opportunity to challenge, extend and inspire our students, giving them valuable performing and artistic experience.

This evening gives us a chance to share those experiences with you. A place where the action of movement will intersect with the joy of performance.

Many thanks to our Dance Team and congratulations to the students as they bring these wonderful and extremely varied works to life.
