TIPS FOR PREPARING YOUR VIDEO

We expect most applicants will be filming in a quiet workplace setting, using whatever device they have at their disposal. Do the best with what you have and remember these tips:

- Present an introduction of yourself at the beginning – stating your name, year level, application number and chosen stream (brief one minute maximum)
- Film in a clear, well-lit space so we can see you
- Check the quality of the image and sound prior to submission
- Do not record outside of a building e.g. a park or garden with additional noise
- You must be visible in the video at all times
- Your video should be filmed in one sitting and not edited (pausing the video is permitted)

CONTENT OF VIDEO

Video footage must contain:

- Introduction
- A short solo technical study or work of technical focus (such as an etude, vocalise, jazz transcription or Baroque Work (c1600-1730))
- Two favourite scales and one arpeggio
- Two contrasting repertoire works

If the applicant plays a “second instrument” then they may include video of one free choice work on this instrument in addition to the above requirements (within the same video - not a separate video of the second instrument).
